Technical Specification

Input

- | | |
|---------------------|--|
| • Operating Voltage | 110/230 volts AC |
| • Light source | Hi bright LED's |
| • Readable distance | 2 to 50 Mtrs |
| • Control eliment | Sealed Relay |
| • Coil resistance | 620 ohms |
| • Coil Voltage | 5-24 volts (Standard 12 v supply for relay available) |

Other

- | | |
|---------------|---|
| • Size- HxWxD | 63.5mm X279.4mmX158.75mm (1.75"x8.5"x6.25") |
| • Power | 110/230V ±10%, 60/50Hz ±4%, 20 VA max |

Internal Interface connection

- Passive contact closer
- External 12 volts switched
- External open collector NPN
- Any other external switching voltage

Why Choose DIGI-SYS

DIGI-SYS Your innovative idea's need products which can meet new challenges and compliment your efforts. Our in house innovative end to end computer aided design and manufacturing process is the best solution to meet critical timelines. Our artificial intelligence integrated in every product design, provides unmatched flexibility in field to configure our products to critical demanding needs and yet are very simple to operate. But technology and human innovation know no scarcity.

Our marketing and sales is bonded to customer support. Our technical experts assist you in system design as part of our product offering, which is optimised to your needs. In other words our support starts even before you buy a product from us. Our goal is to provide you best solution for your needs rather than sell you what we have in stock. Prospects who show interest in our products and services invariably get rewarded with best solution at most cost effective price.

Our Products Line

- Pro Audio Monitor
- Analog to Digital & Digital to analog Audio Converter
- Audio Router
- Remote Site Controller
- Audio Distributor/Switcher
- ON-AIR Light
- Audio Console Mixer
- FM Power Divider/Combiner
- Convection Dummy load (DC to 300 Mhz)
